Hello my lab is interested in a number of your products. Specifically CAS [REDACTED] / [79009-07-3](#) and similar compounds. We'd like to order a sample of 1kg to test quality and if acceptable will order in much larger amounts moving forward. We'll send the first order to the US, do you also ship to Mexico? Future orders will be sent there. Also do you accept bitcoin as payment? Thank you for the help, looking forward to working together.
